Rajiv Gandhi Centre for Aquaculture (RGCA), an aquaculture technology incubation centre of Marine Products Export Development Authority (MPEDA), Govt. of India is organizing a 1-day training Programme on **“Real Time PCR for aquaculture disease detection”** at Sirkali, Tamil Nadu.

### About the lab

The main objective of this short-term training programme is to impart training on basic sequencing principle and bioinformatics tools to manage raw DNA sequence data for usage in different platforms. The Genetics section of Central Aquaculture Genetics, Pathology and Food Testing Laboratory (CAGPFTL) of RGCA is a well-equipped laboratory and is the first and only aquaculture genetics laboratory in India accredited by NABL as per ISO/IEC 17025:2017.

### Course Highlight

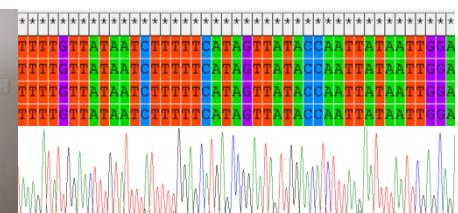

Real Time PCR for aquaculture disease detection. Techniques – DNA Extraction \$ DNA Quantification using biophotometer \$ Master Mix Preparation \$ Real Time PCR operation \$ Result interpretation.

### Training Fee

The registration fee is Rs. 2000/- (Rupees Two thousand only). This is inclusive of Training certificate, tea & snacks for the entire training period. The fee does not include travel, boarding, lodging and other personal expenses. Hostel facility is available at the campus.

### Who can participate?

We encourage College/University students, research scholars and academics to participate this basic training. DNA sequence analysis training is theory based and those who bring laptop can use it for software download, practice and free Wi-Fi will be provided.

## Format of Application form

*1-day Hands on training programme*

*At*

**Central Aquaculture Genetics, Pathology and Food Testing Laboratory  
RAJIV GANDHI CENTRE FOR AQUACULTURE**

Full Name (Block Letter): \_\_\_\_\_

Institutional Affiliation: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Country: \_\_\_\_\_
